

# ABOUT US

Our company was established in 1980 by Necati Uğurluay in Istanbul.

To contribute to the mental and physical development of children, our company produces healthy, high-quality products and offers a wide range of products with CE certification in accordance with EN71 standards.

At our factory, which was built on a production area of 12,000 m<sup>2</sup>, we continue to add value to the national economy through domestic production while prioritizing customer satisfaction.
